Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for Emerald Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mr. Erik E. Mason for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.manistiqueschools.org> or you may review a copy in the main office at your child's school.

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases no label is given.

Our school has not been given one of these labels.

Emerald Elementary has adopted a new text book and resources for Mathematics in grades K-5. Teachers have attended professional development on the new text book and will continue to do so in the upcoming school year. The math series is also monitored through the program evaluation tool to monitor its impact in the classroom and students achievement scores.

State law requires that we also report additional information.
